

# Cozy Caves' The Safari Scroll

Term 1  
Edition

Welcome to Cozy Caves, where learning feels like home and every smile tells a story! Our young explorers grow each day through curiosity, creativity, and kindness. Together, we celebrate little victories, share big dreams, and make every moment of Grade 1 a joyful journey of discovery.

Team Cozy Caves

# A peek into our classroom

In Cozy Caves, every day begins with excitement and responsibility! Our little learners eagerly follow the Morning Routine Board, take charge through Classroom duties, and relax in the Quiet Reading Nook. These unseen moments shape their confidence, creativity, and love for learning.

# Joyful Arrival

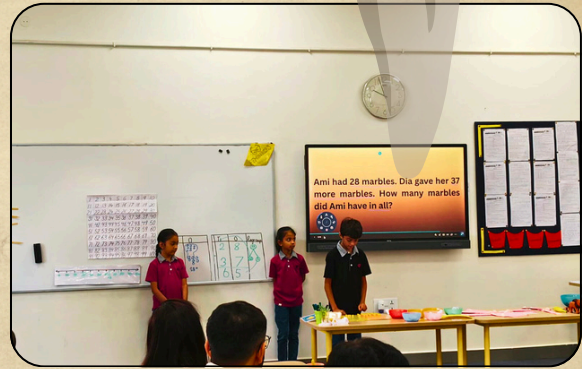

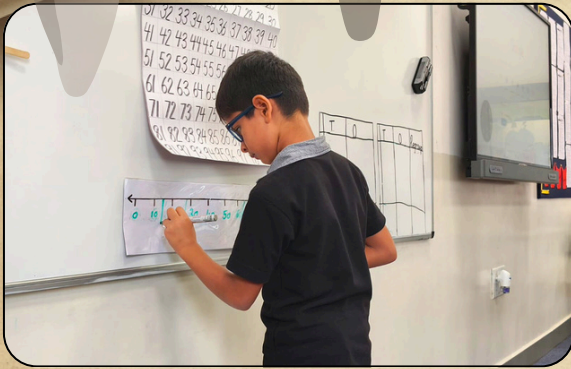

Every morning at Cozy Caves kicks off with grins, grooves, and giggles galore! As kids waltz in, they're met with a warm welcome, sometimes even led by our pint-sized cheerleaders. We boogie, belt out tunes, and unleash our creativity through music, tales, and art. These joyful escapades make our little learners feel like superstars, all set to embark on their learning adventures with hearts full of happiness!

# Our Learning

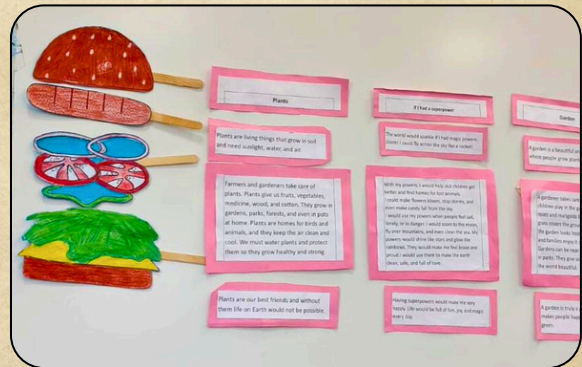

## Math

Students dove into the world of numbers with a hands-on adventure using vibrant manipulatives like counters, cubes, and number cards. In this lively session, they crafted numbers, tackled addition and subtraction mysteries, and played the comparison game—all in a splashy, visual way. These colourful tools transformed abstract math ideas into real-world eureka moments, boosting teamwork, problem-solving, and participation. This activity not only sharpened their math skills but also turned learning into a thrilling, meaningful quest!

## English

Students engaged in exciting English Language activities that strengthened their reading, writing, listening, and speaking skills. Through storytelling, word games, and creative writing tasks. They expanded their vocabulary and expressed their thoughts confidently. Interactive sessions like picture composition, role play, and phonics games made learning joyful and meaningful. The activities encouraged imagination, built communication skills, and helped children develop a love for the English language.

# Our Learning

## Science

Our playful prodigies have been on a whirlwind adventure, poking and prodding the world around them with thrilling, hands-on science escapades! They've donned their mini-lab coats to question, explore, and unravel nature's mysteries. From crafting quirky models to embarking on observation safaris, our budding Einsteins delved into the secrets of plants, animals, weather, and the five senses. These lively escapades fired up their imaginations and bridged the gap between textbooks and the great, big world outside. Science sprang to life as they dove headfirst into the joy of discovery!

## Global Perspectives

In Grade 1, our learners explored the world around them through Global Perspectives. They learned about different cultures, communities, and environments—valuing similarities and respecting differences. Through discussions, stories, and hands-on activities, they built empathy and open-mindedness. A special highlight was when grandparents visited to share their childhood memories and traditions, helping children connect learning to real life. Each session encouraged them to think critically and act kindly—growing as responsible global citizens.

# Our Learning

## Hindi

हिंदी दिवस" पर बच्चों ने कविताएँ सुनाई। इससे बच्चों के सुनने और बोलने के कौशल में सुधार हुआ।  
हिंदी भाषा को आसानी से सीखने के लिए बच्चों ने नए शब्द सीखे और उन शब्दों के बारे में आपस में बात की।

## Gujarati

બાળકો ન, મ, ગ, જ જેવા મૂળાક્ષરોથી પરિચિત થયા છે. આ મૂળાક્ષરો પરથી તેઓ શબ્દોની રચના કરે છે અને તેનાં પરથી વાક્યો બનાવતાં શીખ્યા છે. વિવિધ રમૂજી વાર્તાઓ અને પ્રવૃત્તિઓ દ્વારા બાળકો શ્રવણ, કથન, વાંચન અને લેખન કૌશલ્યનો વિકાસ કરે છે. આ સાથે જ ભાષાકૌશલ્ય અને સર્જનાત્મક શક્તિ પણ પ્રગટે છે.

# Our Learning

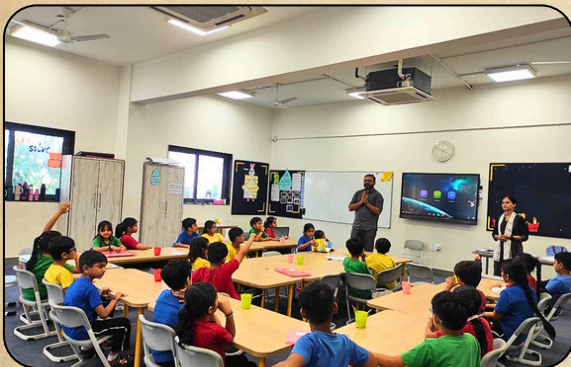

## French

Bonjour!

Our young learners in Grade 1 explored the beautiful language of French. They learned numbers, colours, and how to introduce their family and friends. Through fun songs and activities, they said "Bonjour!" to a new world of learning and culture!

## ICT

In ICT, students learned how to be safe and kind digital citizens. They also began coding through fun, hands-on games with Angry Birds, Rey, and BB-8, discovering how to give simple computer instructions!

# Our Learning

## Art

Our little creators explored shapes, lines, and patterns in art class. With imagination and focus, they turned simple ideas into wonderful designs—celebrating creativity, observation, and the joy of self-expression through art.

## Sports

Our young athletes enjoyed learning different sports like volleyball, football, and cricket. They played with teamwork, energy, and excitement, building strength and coordination while having lots of fun on the field!

# Our Learning

## Karate

Our young champions practiced Karate with focus and enthusiasm. They learned basic moves, discipline, and respect while building confidence and strength. Each session helped them grow stronger in both body and mind!

## Yoga

Students practised different asanas with calmness and joy. Through Yoga, they learned balance, focus, and relaxation while keeping their minds peaceful and bodies healthy!

# Our Learning

## Lego

Our young innovators explored the world of LEGO Robotics with KUBO. They learned to code, build, and solve challenges through fun, hands-on activities. Using KUBO, they developed creativity, logic, and teamwork while discovering how technology makes learning exciting!

## Music

Our young musicians enjoyed learning *Baal Geet* through rhythm, melody, and movement. They sang with joy, expressed emotions through music, and connected with culture in a fun, creative way. Music class became a lively space of harmony and happiness!

## Cozy Caves Assembly - Shelter

Our class 'Cozy Caves' presented its very first assembly of the term on the thoughtful theme "Shelter." The morning began with imagination and wonder as our young learners invited the audience to close their eyes and picture a rainy day—reminding everyone that shelter is what keeps us safe, warm, and cared for.

With energy and rhythm, the Shelter Rap Crew took the stage, spreading smiles as they celebrated the many kinds of homes—houses, igloos, nests, burrows, and caves. The poem "A Walk in the Cave" carried everyone deep inside nature's hidden shelters, where animals find peace and protection. Children also explored how every season brings its own need for shelter—keeping us cool in summer, warm in winter, and dry in the rain.

The assembly concluded with a delightful story, "The Little Rabbit's Cozy Burrow," reminding us that shelter means comfort, effort, and gratitude. Each performance reflected teamwork, confidence, and joy, leaving the audience inspired by our young learners' understanding that a true shelter is built not just with walls, but with love and care.

# Celebrations

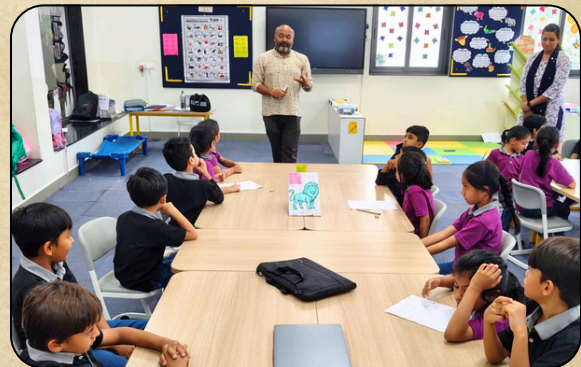

## Saraswati Puja

The new academic session began with the serene celebration of Saraswati Puja. Students offered prayers and flowers to seek the blessings of Goddess Saraswati. The day filled the school with positivity, peace, and the promise of a year filled with joyful learning and new beginnings.

## Independence Day

This Independence Day, we cranked up the kindness dial to full blast with our theme: Kindness Week! Our little superheroes-in-training spent the week showering love—giving shout-outs to the *maasis*, lending a hand to teachers, and showering friends with appreciation. Through these small but mighty acts, they discovered that freedom truly sparkles when shared with a sprinkle of empathy, a dash of love, and a whole lot of care!

# Events

## Warm Moments, Proud Hearts

The learners of Cozy Caves proudly shared their Wow Moments from Grade 1, reflecting on the activities and experiences they enjoyed the most. Each child spoke with excitement and confidence, celebrating their favourite memories and special moments from the term.

## MLV

During the Making Learning Visible presentation, students showcased their learning from Term 1 through engaging activities and hands-on demonstrations. They confidently shared their understanding with parents, turning learning into a joyful experience filled with creativity, curiosity, and pride.

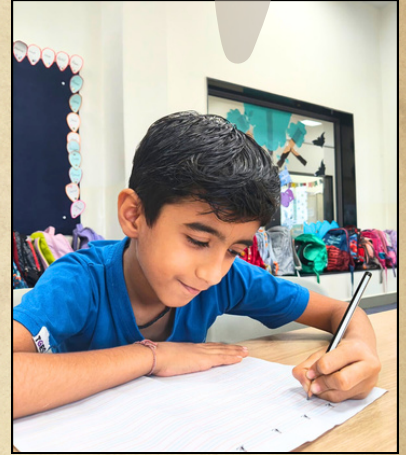

# Class Shoutouts

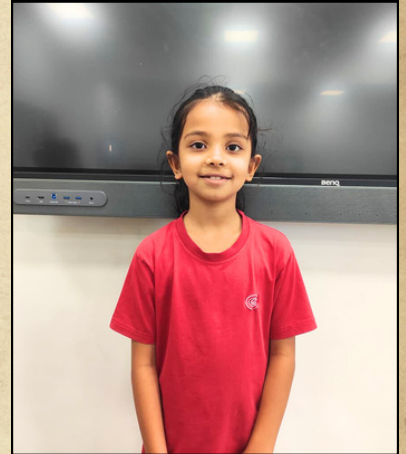

## **DHAIRYA DEEPBHAI TRIVEDI**

With every neatly written word, Dhairya shows focus, effort, and pride in his work. Always punctual and attentive, he completes his tasks with care and enthusiasm. His dedication inspires others to stay organized and do their best, proving that neat work truly reflects a bright, thoughtful mind!

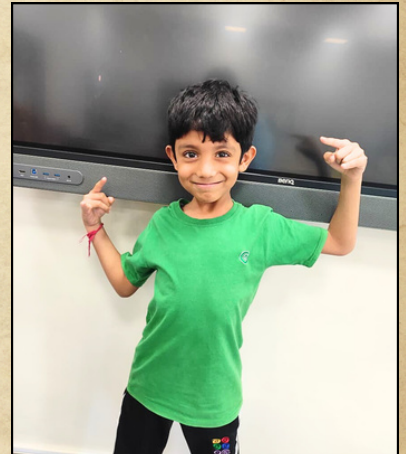

## **MAHIRA MIHIRBHAI PATEL**

Mahira takes responsibility with a smile and a heart full of kindness! Whether it's sharpening pencils, helping her classmates, or ensuring everything is in place, she does it all with quiet confidence. Her sense of ownership and teamwork make our classroom feel calm, caring, and wonderfully well-managed every day.

## **RIYANSH MAULIKKUMAR SADHARIYA**

Riyansh's eyes light up whenever there's something new to learn! Always eager to share fun facts and discoveries, he brings science alive in the classroom. His questions spark curiosity in others, and his enthusiasm reminds us that learning is truly an adventure when you explore it with wonder and imagination.

## **CLOE MITIA' REMONTE**

Cloe understands not just lessons, but hearts. Always kind, gentle, and fair, she's the one who notices when someone needs a little help or comfort. Her honesty and thoughtfulness shine in everything she does, making her a beautiful example of kindness, integrity, and quiet strength in our class family.

# Fun Zone

## Think Zone

### Riddle 1

I have numbers on my face and two hands that move.  
I tell you when it's time for class.

### Riddle 2

I open when it rains and close when it's sunny.  
I help keep you dry.

## Book

### Book of the Term

Ebb's New Friend by Laura Mucha and Lauren Ace is a story where Ebb learns about friendship, sharing, and love. A gentle story that helps children understand emotions, kindness, and the joy of making new friends.

## Movie

Remember to read a book for at least 20 minutes daily! Keep the spark alive, hop onto Mind Spark every week!

### Answers:

Riddle 1  
A Clock  
Riddle 2  
Umbrella

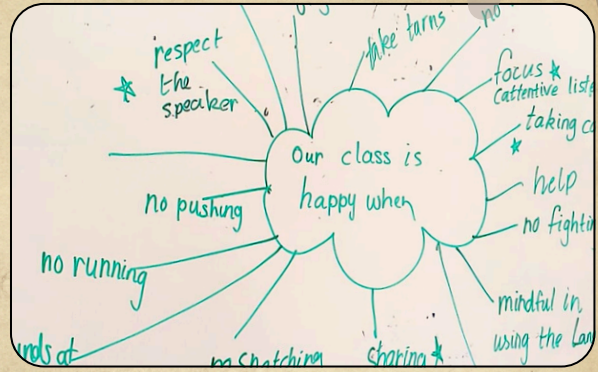

# Visual Vibes

# Student Reflections

## Here's what our little cozy cave buddies reflected:

"I love coming to school every day! I learn new things, read fun stories, and play with my friends. I liked doing activities, drawing, and sharing my ideas in class. Grade 1 is so much fun!"

**-Jinansh Nikunj Avlani**

"I learned to read better and write big sentences! I also learned how to be kind and help my friends. I liked our art classes and the fun games we played. I love grade 1!"

**-Jeevaba Vaghela**

## From the Teachers' Desk

### Dear Parents,

As we step into Term 2 of Grade 1, our hearts are filled with pride and joy, reflecting on how beautifully our little learners have grown. The past term was sprinkled with countless "aha!" and "oho!" moments—those sparkling instances of discovery, laughter, and pure excitement that make every day in the classroom so special.

We have watched our children become more confident, expressive, and eager to explore the world around them. From reading new stories and solving challenges to showing empathy and teamwork, each child has taken wonderful strides forward. Their enthusiasm reminds us daily that learning is most meaningful when it's filled with curiosity and joy.

With the beginning of Term 2, we look forward to even more smiles, stories, and growth. New adventures await, and we're excited to see our learners continue to shine brightly in all that they do.

Thank you, dear parents, for being our constant partners in this journey. Your encouragement, trust, and support make all the difference. Stay tuned for our next newsletter as we bring you more glimpses of learning, laughter, and love from our vibrant Grade 1 classrooms!
