How our journey began ?

Saraswati Puja

We celebrated Saraswati Puja with joy, devotion, and enthusiasm at our school. The campus was filled with a peaceful and festive spirit as our young learners came together to seek the blessings of Goddess Saraswati, the goddess of knowledge, wisdom, music, and learning. Through the celebration, students learned about the importance of knowledge, creativity, and continuous learning. The traditional rituals and joyful participation made the occasion meaningful and memorable for our Little Flyers. It was a wonderful reminder that learning is a journey filled with curiosity, creativity, and joy.

For our love of Reading Book Launch

During our Book Launch, we stepped into the exciting world of books! We explored different genres through fun and engaging activities, came across new stories, and shared our love for reading. It was a wonderful experience that sparked our curiosity and encouraged us to read more!

And Guess What?

We made our own reading corners

Assemblies

We got to be a part of exciting grade assemblies where we learned, performed, and shared our talents with everyone. From lively dances and expressive recitations to sharing interesting facts and playing beautiful sitar tunes, we explored new ideas and built confidence. The assemblies gave us a wonderful opportunity to express ourselves, learn from one another, and celebrate our achievements together!

Assemblies

Our grade assemblies also gave us many opportunities to discover, create, and share. We enjoyed performing dances, reciting with expression, telling stories, and presenting exciting experiments. Each assembly helped us learn something new, express our ideas, and feel proud of what we could do. These assemblies gave us a chance to learn from one another while celebrating everyone's efforts and talents.

Language Experiences

Nature Walk, Sandplay and Farm Visit

We stepped outside to discover the beauty of nature around us! During our nature walk, we observed colourful flowers, plants, tiny insects, and many interesting things along the way. We shared our observations, learned new words, and described what caught our attention. It was a fun way to connect with nature while learning and expressing ourselves!

Celebrations

Guru Purnima

We celebrated Guru Purnima by expressing our love and gratitude towards our teachers. Through meaningful activities and heartfelt expressions, we explored the special bond we share with those who guide and support us. The celebration reminded us to appreciate our teachers and value their role in making our learning journey special.

Presentations

We enjoyed presenting what we discovered through our Maths, Literature, and Language activities. We explained our ideas and listened to our friends as they presented theirs. Each presentation gave us an opportunity to organise our thoughts, speak clearly, and learn from one another.

Fun Zone

Think Zone

I get smaller every time you use me.
What am I?

Book

Boss Dog of Blossom Street

By Rita Ray

Meet Boss, the lovable dog of Blossom Street! Follow his fun-filled adventures as he brings friendship, laughter and a little mischief to the neighbourhood. ✨

Movie

Toy Story (1995)

A fun and gentle story about toys that come to life when humans are not around.

Upcoming:

Philatelic Hobby Experience – 18.9.26
Presentations Round 2 – 15.10.26

Reminder:

Remember to read a book, an article, or a news article for at least 20 minutes daily! Track your progress by keeping a reading log to reflect on your learning and insights.
