

KIND KINGDOM

AUGUST EDITION

A Glimpse of our August endeavour.

A Warm Welcome from the Teaching Team

Dear Parents and Learners,

Step into another exciting chapter of our Kind Kingdom, where little learners continue to discover, create, and shine! Our classrooms have been filled with meaningful conversations, joyful learning experiences, creative expressions, and moments that have encouraged children to step forward with confidence.

From exploring ideas through literature and strengthening reading habits to learning through technology, presenting their work, celebrating our nation, and expressing themselves through art, each experience has added something special to their learning journey.

We are delighted to share a few glimpses of these memorable moments and celebrate the enthusiasm, curiosity, and togetherness of our young learners.

With warm wishes,
Team Kind Kingdom

READING PROGRAMME – 2ND CYCLE

Growing as Confident Readers

Our Reading Programme continued with its second cycle, encouraging children to strengthen their reading habits and develop a deeper love for books. Students participated in reading activities that encouraged them to read with interest, make choices, and share their thoughts about what they read. Through regular reading, our learners are gradually becoming more confident, independent, and enthusiastic readers.

WAYGROUND QUIZ

Digital Learning

Students revisited concepts learned in class through an interactive Wayground Quiz. The activity encouraged them to think quickly, make thoughtful choices, and apply their understanding independently. It provided an enjoyable way to reinforce key concepts through digital learning.

LITERATURE – SHARED INQUIRY

Exploring Stories Through Discussion.

Our Literature sessions provided students with opportunities to explore stories through Shared Inquiry. Students engaged with the text by asking questions, sharing their ideas, listening to different perspectives, and developing understanding together. These discussions encouraged curiosity, thoughtful thinking, and respectful communication, helping our young readers look beyond the text and develop deeper interpretations.

INDEPENDENCE DAY

Celebrating Freedom with Responsibility

Independence Day gave our learners the opportunity to celebrate the spirit of our nation while reflecting on the meaning of freedom and responsibility. Through meaningful conversations and activities, students explored how making good choices, respecting others, and fulfilling their responsibilities can help them become thoughtful citizens. The celebration was filled with pride, gratitude, and a strong sense of togetherness.

GALLERY WALK

Learning Through Displays and Peer Work

Building on this celebration, students extended their learning beyond the classroom by taking an active role in the gallery walk decorations. They enthusiastically helped prepare for the Grade 2 gallery walk, thoughtfully setting up displays that showcased their recent work. After setting up their displays, the learners embarked on a gallery walk of other grades, eagerly observing their peers' creations, exchanging ideas, and building a deeper sense of community across the entire school.

THE JOY JUNCTION

Think Zone

Riddle 1

I follow you wherever you go, but I disappear when it gets dark. What am I?

Riddle 2

I can fly but I have no wings. What am I?

Riddle 3

I have hands but cannot clap. What am I?

Book

Book of the Month:

'The Dot' by Peter H. Reynolds

A simple story about a child who discovers her creativity when a teacher encourages her to make her mark and believe in herself.

Movie

Movie of the Month

"Wonder"

It is a heartwarming story about Auggie, a young boy who has been homeschooled and is entering a mainstream school for the first time. It is about kindness, acceptance, courage, and friendship.

Upcoming:

Navratri Celebration – 13.10.26

Presentation 2 – 22.10.26 & 24.10.26

Rangoli Making – 26.10.26

Thought for the Month:

Every day gives you the power to make a choice! Choose to be responsible, kind, respectful, and brave. Remember, small choices can make a big difference.

Answers:

Riddle 1
Shadow
Riddle 2
A kite
Riddle 3
Clock
