

THE 7H IMPACT

Habit Heroes

June - July

Dear Grade 3 Family,
Welcome to the very first edition of our Grade 3 Newsletter! June and July have been filled with new beginnings, joyful learning, exciting discoveries, and wonderful memories. We are delighted to share a glimpse of our classroom adventures and celebrate the amazing start our learners have made. Here's to a year full of curiosity, creativity, and growth. Happy Reading!

Grade Insights

Our Morning Meeting Magic! ☀️

Every morning, we gather together to kick-start the day with happy hearts and bright smiles! We chat about what the day has in store, set our little goals, and share our wonderful ideas because every idea matters! Our young stars also get a chance to shine through presentations and performances that fill the room with confidence and applause. To wrap it all up, we enjoy a fun read-aloud session where stories take us on exciting adventures. It's the perfect way to wake up our brains, warm up our voices, and sprinkle a little laughter before the learning begins! 🌈📚✨

Reading

After our Morning Meeting, it's time to grab a book and go on an adventure! 📖 Our first story, Frog and Toad, had us laughing, wondering 🤔, and cheering for the funniest pair of friends 😄💚. We discovered new words, shared our favourite parts, and gave our reading brains a great workout 🧠. What a "toad-ally" fun way to start our learning each day! ✨📖

Joyful Arrival & Ice Breaking Activities

Our Joyful Arrival is the happiest way to start the day! 🌞🎉 From fun songs 🎵 and silly role plays 🎭 to exciting stories 📖, short videos 📺, and calming moments 🌈, every morning brings a new surprise. Smiles, high-fives 🙌, and happy hearts 💛 help everyone feel welcome, ready to learn, and excited for another amazing day at school! 😊✨

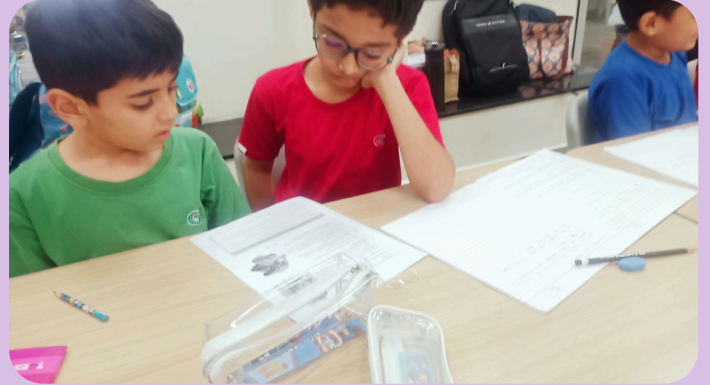

Our ice-breaker games turned new faces into new friends in no time! We laughed, chatted, played fun team games 🎲, and tackled silly challenges 🤝. Every activity helped us learn each other's names, make new buddies 🌟, and discover that teamwork makes everything more fun! By the end, our classroom was buzzing with smiles 😊, kindness 💛, and lots of "Can we play that again?" 🎉

What we are learning

English

Story Time 📖

Shh... a story is about to begin! We dived into the wonderful world of stories, discovered their secret ingredients, read exciting extracts, shared our favourite parts, and put on our "story detective" hats to see how well we understood them. Reading has never been this much fun! 🕵️✨

Math

Our little mathematicians had a fantastic time building numbers with hands-on math tools!

1	2
3	4

 Working together in small teams, they explored hundreds, tens, and ones, created different numbers, and proudly shared their thinking with their friends. It was wonderful to see everyone learning, helping each other, and proving that math can be fun!

What we are learning

Science

Our thoughtful learners became School Community Superstars! 🌟 Through fun reading 📖 and exciting discussions 💬, they explored why rules and responsibilities help keep our school happy, safe, and fair. Working together in small teams 🤝, they reflected on kind choices, thoughtful actions, and ways to make our classroom even better. By sharing their ideas and answering questions, our students showed that even small acts of kindness can make a BIG difference! 💛 ✨

Leader In Me

As part of our Leader in Me journey 🌟, our students are becoming little leaders one reflection at a time! 📖 ✨ With their Daily Reflection Booklet, they pause each day to think about their choices, celebrate their wins 🎉, set new goals 🎯, spread kindness 💛, and share ideas with their friends. These tiny moments of thinking help us grow into confident, caring, and responsible leaders. Who knew a few words on a page could help build such big leadership skills? 😊 🌱

What we are learning

Literature

Our young readers had a "roar-some" time exploring *The Banza!* 📖 ✨ Through fun reading and exciting class chats 💬, we stepped into Cabree's world and discovered what it means to be brave. Inspired by Cabree's courage, we made our own superhero-style brave poses 💪 😊 and brought the story to life. It was a fun-filled adventure that helped us understand the story better, build confidence, and unleash our inner heroes! ☀️

French

Our young citizens went on an exciting journey to learn about Indian and French citizenship! 🌍 ✨ Through French reading adventures 📖, fun comprehension games 🎲, and creative activities like making French ID cards 🪪, attendance keychains 🗝️, and colourful stickers 🎨, students explored what it means to be a citizen. They even learned the French national anthem 🎵 and became mini experts on French history! 🇫🇷 It was a fun-filled journey of learning, creating, and celebrating cultures.

From the Teachers' Desk

Dear Parents,

As we begin our Grade 3 journey together, the first few weeks have been filled with excitement, discovery, and new beginnings. Our learners have settled into their new classrooms, built friendships, and embraced opportunities to learn and grow.

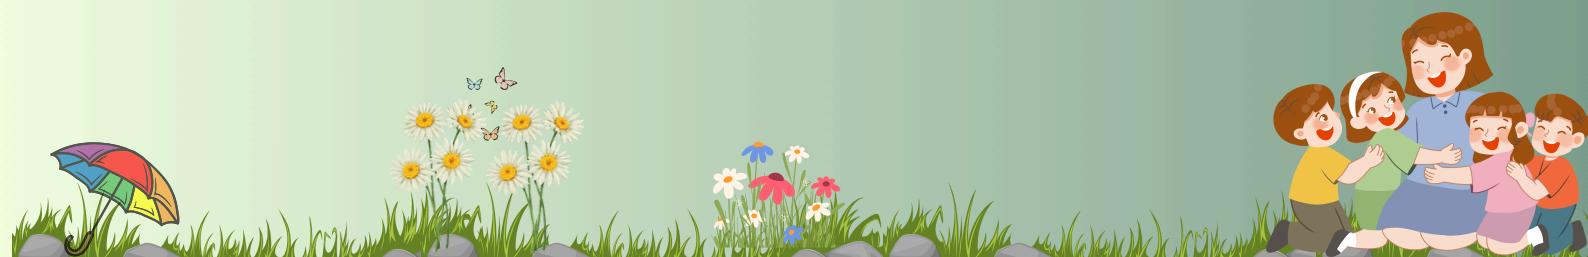

Across subjects, students have explored new concepts with curiosity and enthusiasm while practising important life skills inspired by the 7 Habits. We have encouraged them to Be Proactive, Think Win-Win, Synergize, and Put First Things First as they work, play, and learn together.

We are proud of the confidence, kindness, and resilience our learners have already shown. As we continue this journey, we look forward to nurturing curious minds, caring hearts, and responsible young leaders.

Thank you for your continued partnership and support. Together, let's make this a wonderful year of learning, growth, and success!

Warm regards,

Grade 3 Team 🧡
